

OFFICE OF THE SECRETARY TO HIS EXCELLENCY THE GOVERNOR OF MADRAS.

Attention is drawn to the notice of the
Military College, Coimbatore.

Board, Government Secretariat, Madras,
1st September 1920.

No. 13.

(1) In connection with the admission of candidates to the Prince of Wales' Royal Indian Military College, Coimbatore, the following information is published for the use of intending candidates:—

The College provides a public school education on English lines for Indian and Anglo-Indian pupils who desire advantageously to enter a military college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and making use of some services their parents in the line. The income of students at the College will, however, be such that, should a boy fail in the competitive examination for admission, he, a candidate for entry in the Indian Land Forces, will be able to enter the Indian Air Force or the Indian Navy, as if he had been educated at an ordinary school.

(2) Candidates will be selected from amongst Indian and Anglo-Indian boys only—

(a) Possessors of British Birth.

(b) Indian Status.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 1st January 1921.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Medical Hospital or a Civil Surgeon in the district where they are at present, or to the nearest medical officer, to the effect that they are physically fit to enter the college.

(5) The fees of students are Rs. 1,200 for each session (term). This is a privileged rate and is taken to subsidize the education, if a commission is granted. Any enhancement of fees that may hereafter be decided upon will, however, be applied to new students only. These fees will include tuition, messing, school apparatus and medical attendance until the students to be taken by students when at the college. Charges in respect of uniforms of cadets, clothing and washing, their bedding, books and shoes, as well as the cost of books and stationery (which will be supplied by the college) and where the Government grant for this purpose will be met by the parents or guardians of the cadets.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the college authorities, on the admission of the cadet, the sum of Rs. 50 which will be returned when the cadet finally leaves the college provided that all fees have been paid.

Should it be necessary for a cadet to be placed in a hospital before the college hospital, or to require additional nursing facilities, the treatment of a cadet in the college hospital, all charges incurred will be borne by the parents or guardians of the cadet.

A full term's notice is required to be given of admission or withdrawal of a cadet from the college. In the case of such notice not being given, the parents or guardian will be required to pay the full term's fees in full, unless it is considered that the circumstances in which the cadet was withdrawn are such as to justify the special consideration for this point. In the case of withdrawal of a cadet from the college, the sum where notice of withdrawal is given in the full term of the term, provided the term from which (in whole or in part) the withdrawal is made, the sum of a full term's fees in full may be waived at the discretion of the Government of India.

(6) Payment of fees will be granted in August each year to the sons of Indian Officers or men who have served in the regular army, where the services and financial circumstances of the father warrant it. Such remissions are limited to Rs. 500 per annum in any one cadet and are granted for a year at a time, after which they are renewed.

(7) Parents or guardians of candidates for admission to the college, at the time of the submission of the applications, will furnish signed declarations (to be delivered in the following form:—

"I, _____, residing at _____, do hereby declare that I am not a candidate for admission to the Prince of Wales' Royal Indian Military College, Coimbatore, and that I am not a candidate for admission to the Indian Land Forces, the Indian Air Force or the Royal Indian Navy by any other means."

I further declare that I have made myself acquainted with the fees payable at the Prince of Wales' Royal Indian Military College, and am prepared to pay the same. I further declare that I am not a candidate for admission to the Indian Land Forces, the Indian Air Force or the Royal Indian Navy by any other means, and am prepared to be informed in connection with the payment of cadets for appointment as commissioned officers of the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, as the case may be, and I am able and willing to pay the prescribed fees and meet the expenditure in the case of the Prince of Wales' Royal Indian Military College, Coimbatore, or the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, as the case may be, for the cadet's education.

I declare also that—

(a) If my son/daughter is a candidate for admission to the Prince of Wales' Royal Indian Military College, Coimbatore, for an appointment as commissioned officer of the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, I shall be prepared to pay the full term's fees in full, unless it is considered that the circumstances in which the cadet was withdrawn are such as to justify the special consideration for this point.

(b) If, having been declared successful at one of the competitive examinations at the college, I am not prepared to pay the full term's fees in full, I shall be prepared to pay the full term's fees in full, unless it is considered that the circumstances in which the cadet was withdrawn are such as to justify the special consideration for this point.

I declare that this is a true and correct statement of the facts and that I am not a candidate for admission to the Prince of Wales' Royal Indian Military College, Coimbatore, or for admission to the Indian Land Forces, the Indian Air Force or the Royal Indian Navy.

Place _____

Date _____

Signature of parent or guardian."

(8) One parental form will be returned. All students will be required to submit a medical certificate from the Officer Commanding a British or Indian Medical Hospital or a Civil Surgeon in the district where they are at present, or to the nearest medical officer, to the effect that they are physically fit to enter the college.

(9) All applications should be submitted to the Prince of Wales' Royal Indian Military College, Coimbatore, not later than the 1st November 1920 in the form below. Applications received after the 1st November 1920 will not be considered.

Form of Application.

(To be sent in duplicate)

1 Name as full. (To be appended or hand printed.)

2 Date of birth. (To be definitely stated and supported by documentary evidence.)

3 Name, occupation and address of father or guardian.

4 Caste, religion and sect.

5 Permanent address in India of parent or guardian.

6 Brief record of military service rendered by candidate's father and near relatives.

7 Medical report.

Place _____

Date _____

Signature of candidate.

(10) Candidates are informed that an immediate admission is admissible in the event of their being summoned to Madras or Government, as the case may be, for the purpose of commencing the knowledge test.

(11) Detailed information regarding the site and scope of the course of training and the rules to be observed by parents and guardians of candidates, and to be given to the candidates in the form of a pamphlet, will be sent to the candidates by the Director of the Royal Indian Military College, Dehra Dun.

Copies of the above Regulations, the "Regulations regarding admission to the Indian Military Academy, Dehra Dun," the "Regulations regarding entry of Indian graduates to the Indian Air Force," through the Director, Air Force College, Coimbatore, and the "Regulations regarding the recruitment, training and service of officers of commissioned ranks of the Royal Indian Navy," mentioned in paragraph (5) above, may be had from the Director of Public Instruction, Civil Lines, Delhi, from which Nos. 1, 2, 3 and 4, respectively.

ANNOUNCEMENT.

Information regarding the medical examination of candidates for admission to the Indian Military Academy, Dehra Dun, is as follows:

1. The medical examination of candidates for admission to the Indian Military Academy, Dehra Dun, should preferably be made by—

(a) the Officer Commanding a British or Indian Brigade, or a Division, or a Wing, or

(b) a Civil Surgeon.

2. A standard for height and chest measurements and physical development must be laid down, but the candidate should not be below the average for his age and size.

3. The standard of the minimum of weakness of vision with which a candidate will be considered fit—

Refer to—

Paragraph 1, page 1.

Para 1, page 1.

Refer to—

Paragraph 1, page 1.

After correction with glasses and below 4/10.

Refer to page 1.

Refer to page 1.

Each eye must have a full field of vision as tested by Goldmann's.

Subject to any medical condition of the eye or of the ball of either eye liable to the risk of aggravation or recurrence will cause the rejection of the candidate.

Each eye will be examined separately. The candidate will be required to read the test on ordinary daylight.

Facility to distinguish the principal colours will not be required as a test for admission, but the test will be used in the proceedings and the candidate will be informed.

No restriction of the standard of vision will be allowed.

4. The following additional points will then be considered—

(a) That his hearing is good. (The ears should be examined separately with an aural scope.)

(b) That his speech is without impediment.

(c) That his teeth are in good order. The mouth must not only sound fresh in the upper jaw, but also in the lower jaw. The teeth must be in good order in the lower jaw.

(d) That his chest is well formed and that his lungs and heart are sound.

(e) That he is not epileptic.

(f) That he does not suffer from any serious disease from childhood or previous years. A candidate who has been previously operated on will be accepted.

(g) That his limbs are well formed and developed.

(h) That there is free and perfect motion of all the limbs.

(i) That his feet and toes are well formed.

(j) That he does not suffer from any congenital or acquired disease.

(k) That he has no congenital malformation or defect.

(l) That he does not have any form of permanent or chronic disease (including any form of cancer).

(m) That the candidate's age is at least as prescribed.

(n) That he has no chronic affection of the limbs which, sooner or later, may have to be dealt with by amputation, in such a case, the limb should be removed before he joins the College.

5. If the medical examination of a candidate discloses the necessity for any major operation, such as the removal of a limb, the medical officer will refer to the Director in his report, and also submit a report that the operation must be performed before the candidate is accepted for admission to the College.

T. G. BUTTERFIELD,
Secretary to the Director of the Government.

following amendments to the special rules for the Madras Legislative Subordinate Service, published with Public Notice No. 100, dated the 24th June 1936, at pages 270 to 273 of Part I of the Fort St. George Gazette, dated the 24th June 1936, as subsequently amended.

The amendments hereby made shall be deemed to have been made and to have come into force on and from the 24th July 1936.

AMENDMENTS.

In subrule (a) of rule 1 of the said rules, for the figures "20" and "25" and the figure "12" the figures "20", "25" and the figure "6" shall respectively be substituted.

AMENDMENTS TO THE SPECIAL RULES OF THE MADRAS ELECTRIC SERVICE.

Part II, Chapter, August 25, 1936
[G.O. No. 1205, Public (General).]

No. 418.

In exercise of the powers conferred by paragraph (5) of sub-section (2) of section 241 of the Government of India Act, 1919, His Excellency the Governor of Madras is hereby pleased to make the following amendments to the special rules for the Madras Electrical Service, published with Public Notice No. 100, dated the 24th June 1936, at pages 270 and 271 of Part I of the Fort St. George Gazette, dated the 24th July 1936, as subsequently amended.

The amendments hereby made shall be deemed to have been made and to have come into force on and from the 24th April 1936, this date being 1936 and the 24th December 1935 in respect of the Executive Engineer and each of the two Assistant Engineers, respectively.

AMENDMENTS.

In subrule (a) of rule 1 of the said rules—

(1) after the words relating to Divisional Electrical Engineers in subrule 2 of clause 1, the following entry shall be added at the end, namely:—
" (b) ... 1 "; and

(2) for the figures "25" occurring against subrule 3 of clause 1 (Assistant Engineers—Electricity), the figures "21" shall be substituted.

AMENDMENTS TO THE SPECIAL RULES OF THE MADRAS CO-OPERATIVE SUBORDINATE SERVICE.

Part II, Chapter, August 25, 1936
[G.O. No. 1205, Public (General).]

No. 419.

In exercise of the powers conferred by paragraph (5) of sub-section (2) of section 241 of the Government of India Act, 1919, His Excellency the Governor of Madras is hereby pleased to make the following amendments to the special rules for the Madras Co-operative Subordinate Service published with Public Notice No. 100, dated the 24th June 1936, at pages 270 and 271 of Part I of the Fort St. George Gazette, dated the 24th July 1936, as subsequently amended:—

AMENDMENTS.

In subrule (a) of rule 4 of the said rules, the following words shall be added, namely:—

" respectively in the office of the Registrar and in each District Registrar's jurisdiction; "

II.

After rule 4 of the said rules, the following rule shall be inserted, namely:—

" 4-A. Appointment of Junior Engineers.—(a) For the purpose of first appointment in the service in subrule 1 of the said rules, no appointment and no appointment as full recruitment therein shall be made, notwithstanding anything contained in clause (a) of subrule (1) of rule 1, in each of the four administrative units into which the several districts of the Province shall be grouped by the order of the Registrar.

(b) Subrule (b) of rule 4 of the said rules, subrule (c) and (d), clauses (i) and (ii) of subrule (1) and subrule (2) of general rule 1 and general rule 2, B, C, D and E shall apply separately. In each of the four units referred to in subrule (a).

(c) Lists of approved candidates for appointment in the service in subrule 1 by direct recruitment shall be drawn up by the Commission separately for each of the four units referred to in subrule (a). In each such unit, the authority shall, called for the purpose by the Registrar shall appoint by, and in consultation with the managing authority, not exceeding, after consultation with the list of approved candidates and without their discharge, re-appointments and appointments in full service."

AMENDMENTS TO THE SPECIAL RULES OF THE MADRAS MEDICAL SUBORDINATE SERVICE.

Part II, Chapter, August 25, 1936
[G.O. No. 1205, Public (General).]

No. 420.

In exercise of the powers conferred by paragraph (5) of sub-section (2) of section 241 of the Government of India Act, 1919, and in exercise of the powers conferred by paragraph (5) of sub-section (2) of section 241 of the Government of India Act, 1919, His Excellency the Governor of Madras is hereby pleased to make the following amendments to the special rules for the Madras Medical Subordinate Service published with Public Notice No. 100, dated the 24th June 1936, at pages 270 and 271 of Part I of the Fort St. George Gazette, dated the 24th July 1936, as subsequently amended:—

AMENDMENTS.

In subrule (a) of rule 3 of the said rules, under the heading Clause I, for the entries specified in column (1) of the table below, the corresponding entries specified in column (2) shall be substituted with effect from the dates specified in the corresponding entries in column (3) below:—

AMENDMENTS TO THE SPECIAL RULES FOR THE MADRAS MEDICAL SERVICE.

Part II, Chapter, August 25, 1936
[G.O. No. 1205, Public (General).]

No. 421.

In exercise of the powers conferred by paragraph (5) of sub-section (2) of section 241 of the Government of India Act, 1919, and in exercise of the powers conferred by paragraph (5) of sub-section (2) of section 241 of the Government of India Act, 1919, His Excellency the Governor of Madras is hereby pleased to make the following amendments to the special rules for the Madras Medical Service published with Public Notice No. 100, dated the 24th June 1936, at pages 270 and 271 of Part I of the Fort St. George Gazette, dated the 24th July 1936, as subsequently amended:—

(3) Nothing in sub-regulation (2) (b) and (4) shall apply to vehicles in a main road before the coming into force of this regulation. In such vehicles the following provisions shall apply, except in the following circumstances—

(a) if the distances between the centres of adjacent pillars are smaller than those specified in the table appended to sub-regulation (4) the pillars shall not be further apart than—

(b) if the distances between the centres of adjacent pillars are not smaller than those specified in the table appended to sub-regulation (4) the pillars shall not be so widely as to require those distances greater than—

(c) the distances so specified in (b) or any distance specified in this behalf by the Chief Inspector;

(d) if the height or width of a pillar exceeds the figure specified in sub-regulation (5) the dimensions of the pillars shall not be further increased without the permission in writing of the Inspector;

(e) if the height or width of a pillar is less than the figure specified in sub-regulation (5) it may be increased with the consent in writing of the Inspector as may be permitted by an Inspector in writing.

(6) In the case of all workings, where in the opinion of the Inspector the dimensions of pillars or pillars are such as to render it likely that crushing of pillars or the protrusion of splinters of any part of the workings will occur either before or during the execution of pillars he may, by order in writing, require such modification of those dimensions in respect of any pillars existing as to shall specify.

(7) (1) The intention of pillars shall be conducted in such a way as to prevent in so far as possible the existence of a surface or subsidence of the roof over pillars which have not been estimated adequate timber or other supports shall be used above openings.

(2) Work as provided by sub-regulation (6), as pillars shall be retained or built in such a manner as to reduce the dimensions of the resulting pillars below those required by regulation (5) or by any order passed thereunder, nor shall any pillar be so heightened as to exceed the height required by an order duly made.

(3) During the systematic extraction of pillars as "pillars" or "pillars" of pillars or the heightening of pillars shall be effected by a proper distance from the length of one pillar ahead of the other that is being extracted or from the point at which pillar extraction is about to begin.

(4) An Inspector may by order in writing give the provisions of sub-regulations (2) and (3) in respect of any specified workings in and extend and in such conditions as he may specify in the order.

(5) Regulation 204 shall be notwithstanding as mentioned in (6) and before that provision is so amended the following regulation shall be inserted, namely—

"204 Nothing in regulation 22 or regulation 23 shall prevent the driving of any pillar through any pillar or the replacement of any pillar beyond the limits prescribed by any order duly made, where in the opinion of the Manager it is necessary for the working, extraction, drawing or any other purpose necessary for the proper working of the mine if it is a work's purpose point of the extraction to undertake such work has been met in the meantime."

(6) For regulation 26 the following regulation shall be substituted, namely—

"26 (1) In any case in which two or more seams or sections of a seam are close to each other, the pillars in the one seam or section shall, where the seams are not widely inclined, be, so far as practicable, vertically above or below the pillars in the other seam or section.

(2) No work in a higher seam or section shall be done until an area in a lower seam or section which may collapse subsequently.

(3) No work in a seam shall be worked in such that any coming of the roof in the seam or section of the Chief Inspector and under such conditions for ensuring the stability and safety of the workings as he may specify.

(4) Every application for permission under sub-regulation (2) shall be accompanied by a plan showing the proposed layout of the workings, the thickness of the seam, the depth of the seam from the surface, the rate and direction of dip, the distribution of pillars and supports in each section and the thickness of the pillars between the sections.

(5) Where a seam is a mine is worked in two or more sections every such section shall be deemed to form a separate seam and the pillars laid between and from each section or between the sections made in any two seams in a mine which are close to each other, shall not be less than 20 feet in thickness.

Provided that an Inspector may by order in writing—

(a) provide a smaller thickness of pillars, if he is of opinion that the stability of the workings will not be affected thereby;

(b) require a greater thickness of pillars, if he is of opinion that such greater thickness is necessary for the safety of the workings."

7. After regulation 30 the following regulation shall be inserted, namely—

"31A. It is hereby declared that an Inspector authorized in this behalf in writing by the Chief Inspector that the provisions of regulation 22, regulation 23 or regulation 26 or all may order need under any of these regulations have not been complied with, he may give notice in writing to the owner, agent or manager of the mine requiring him to take such protective measures, within such reasonable time, as he may specify in the notice; and in case of non-compliance, the Inspector may, in order to avoid accident in the process of which the mine was given, require the extraction of coal in the part or parts of the mine in which protective measures are required to be taken until the requirements specified in the notice are complied with to his satisfaction."

VI. Sub-regulation (3) of regulation 26 shall be amended

VII. For regulation 23, the following regulation shall be substituted, namely—

"23. (1) An agent acting as a pillar placed by an Inspector under any of the following regulations, namely, regulations 22, 23, 24, 25, and 26, may be performed in the Chief Inspector and the order of the Chief Inspector thereof shall, save as otherwise provided in sub-regulation (2), be final.

(2) An agent acting as a pillar placed by the Chief Inspector—

(a) under sub-regulations (2) and (3) of regulation 22 or sub-regulation (2) of regulation 23; or

(b) an agent under sub-regulation (1) of sub-regulation 24, shall not be placed under regulation 27, 28, 29 and 30A.

may be performed in the Chief Inspector, which shall refer the same to a Committee constituted in the manner laid down in sub-regulation (1) and (2) of section 11 of the Act.

(3) The panels are laid down in sub-regulation (3), (4) and (5) of section 11 of the Act shall apply to a resolution made by a Committee under sub-regulation (3).

(4) Every order issued which is issued in pursuance of sub-regulation (2) shall be complied with, subject to the right of the owner of the mine of the Committee.

Provided that the Committee may, on the application of the applicant, suspend the operation of the order approved against pending the disposal of the appeal."

VIII. Regulation 24 shall be reworded as sub-regulation (2) of that regulation, and before that sub-regulation is so reworded, the following sub-regulation shall be inserted, namely—

"(2) No pillar shall work in any place in which the roof has not been ordered to work either by an order of the owner or by a person authorized in this behalf by an official of the mine."

2. The general and special rules applicable to holders of permanent quota loans in the euro, as we shall apply to the holder of the euro temporary pass.

Exploration. In this rule, the expression "the holder of the self temporary post," shall mean "the person who held the self temporary post."

Agreements to the ad have value for the part of a taxpayer (and) merchant, for the Service will not.

Foot St. George, August 28, 1978
D. H. S. No. 219, P. W. (Cladonia)

64-1042

In violation of the promise mentioned by paragraph (1) of sub-section (B) of section 241 of the Government of India Act, 1917, His Majesty the Governor of Madras is hereby pleased to make the following award in pursuance of the special order published with Public Works Department, No. 106 on No. 215, dated the 12th July 1918, on page 775-776 of Part I of the Fort St. George Gazette, dated 12th July 1918:—

Appendix III

5. In rule 1 of the said rules, for the expression "category 1 of item 50 of the Marine Engineering Subordinate Service," the expression "category 2 of item 7 of the Marine Engineers' Subordinate Service" shall be substituted.

3. In rule 2 of General order, the phrase "summarized from" is changed to the following: "and dealing with" and "summarized" shall be deleted.

Designation of certain powers of the Telegraph
authority to the West Telegraph Electric Supply
Company, Limited

Part 21, Gazette, September 5, 1925.

No. 202.

The following notification of the Central Electricity Board is republished:—

No. 202.

Part 21, Gazette, September 5, 1925.

Re: The 1925 Report.

Re: A-302 (1).—The following details of certain applications for the Indian Electricity Rules, 1912, by the Central Electricity Board proposed to make in respect of the powers conferred by section 11 of the Indian Electricity Act, 1908 (Act of India, No. 10 of 1908), as amended, by subsection (1) of section 11 of the said Act, for the transmission of all persons having to be electrically insulated, and which is hereby given that the Board will be taken into consideration after the 1st November 1925.

Any objection or suggestion which may be received from the public in respect of the said details, before the date specified will be considered by the Central Electricity Board, such objections or suggestions should be addressed to the Secretary, Central Electricity Board, also Department of Labour, Government of India, Revenue House, Delhi, by the 1st November 1925 and should be in New Delhi.

Re: The 1925 Report.

In the said order:—

(1) in sub-rule (1) of rule 5, after clause (f), the following clause shall be inserted, *namely*:—

"(f) 'tower wages' means a self-supporting wooden structure capable of being climbed or brought by mechanical means and carrying a properly arranged platform at its highest level and certified by an Inspector as suitable for the purpose intended."

(2) after rule 6, the following rule shall be inserted, *namely*:—

"6A. Tower wages.—(1) The Provincial Government may order any person or persons to be in possession of, and maintain in good working order to the satisfaction of an Inspector, such number of tower wages as in its opinion the circumstances require."

Provided that the Provincial Government may by similar orders make from time to time vary the number of tower wages to be possessed and maintained by any person or persons."

(2) When a person or persons has been ordered by the Provincial Government to possess and maintain a tower wage or tower wages in pursuance of sub-rule (1) of this rule, he shall comply with such order within a period of one month from the date of the order and thereafter shall cause the tower wage or tower wages to be used in accordance with the circumstances in which the use of any other class of special appliances may prove desirable to the engineer."

K. SANTHAKI MURUGU,
Secretary to Government,

PUBLIC WORKS DEPARTMENT.
(1922-23)

Notations of the Document of India regarding
an analysis.

Part 34, Census, December 5, 1930

Sep. 1987

The following notifications of the Government of India are reproduced —

DEPARTMENT OF COMMERCE.

Expiry date 20th April 2008

No. W-6.—Whether the Central Government is of opinion that by continuing the arms embargo it is necessary that the claims against the Government operated in India lack of the Indian State for the, as the authorities regarding the power to prosecute in the Port of London could be imposed on these matters, consequently during the existence of the embargo.

Next, therefore, inasmuch as the powers conferred by section 89B of the said Act, the Central Government is pleased to authorize the Finance Commissioner, Cochin, to require the said authority in the Port of Cochin to produce the said dues and the Central Government is of opinion that the emergency has passed.

Mr. W. 4211.—Whereas the United Government is of opinion that in the interests of public safety the issue of certain orders of the military specified in clause (a) of article 1 (2) of section 8 of the Indian Statute Book, 1906 (S.S. 11 of 1906), is expediting;

And whereas the taking of certain steps to secure compliance with the said orders appears to the Council impracticable, to be unnecessary

Now, therefore, in cases of the persons suffered by infirmities (I) and (II) at the said service, the General Government is pleased to make orders and to influence the living of gaps to secure compliance with the same as before.—

(3) Form under the authority of, and in accordance with the conditions specified in, a permit or writing issued by the Director of Civil Aviation in India or Karachi shall be given over any portion of British India between the hours of sunset and sunrise.

Provided that no work permit shall be valid within 24 miles of the detailed parts of Kamohi, Boulder, Windsor or Carleton if used where the Ministry of Agriculture considered has issued an order that night flying within these areas is prohibited, which order shall be conveyed to the holders of permits for night flying by radio chains or other means.

(b) If an aircraft flying over our parties, at Western Idaho leaves the bases of safety and returns receives a visual signal consisting of an illumination between white beam directed at the aircraft of our other visual signal of (c) any other one condition it is necessary to reveal its identity, it shall reply by visual signal only giving the signal letter of the day previously issued to the Controller. If necessary as requested it shall also reply by visual means the communication letters and numbers in accordance.

From that time if a radio electric signal concerning the closing of the aircraft is received, the aircraft shall reply only by radio electric signal giving its position, altitude and the conditions of destination. The special letter of the day shall not be cancelled by radio electric means.

25 If an aircraft flying over any portion of British India between the limits of coast and inland revision the signal as land specified in clause (b) of rule 110 of the Indian Aircraft Rules.

100

1567. The person in charge of the overall staff benefits gets the most to take charge again in the administration and in accordance with the conditions provided in paragraph (2) based and staff benefits raise the overall to lead at the service providing or at such service as may be indicated to him by reason of such change again.

10) If an aircraft on receiving a signal referred to in paragraphs (9) and (10) finds within reasonable time to respond, or fails to establish its identity by signaling the speed letter of the dip when such letters have been established in aircraft in possession of space in a particular link, it is strongly urged that the aircraft or its commander, in between the hours of sunset and sunrise when such a signal is received, or should have been issued, send a "pass" signal. The aircraft may lawfully be fired on with a view to compelling it to land or surrender. The Rule.

No. W-11/2.—Whereas the Central Government is of opinion that in the interests of the public, where the issue of various orders of the nature specified in clause (b) of subsection (2) of section 5 of the Indian Aircraft Act, 1934 (CLLI of 1934), is involved,

And without the taking of certain steps to make compliance with the new rules appear to the Central Government to be necessary,

Now therefore, in exercise of the powers conferred by subsection (1) of the said section, the General Government is pleased to order:—

(1) All animals flying within 20 miles of the defended parts of Kansas, Kentucky, Missouri, or Oklahoma shall be those in such a manner that the animals and the regeneration agents, be clearly visible from the ground. Such animals shall be taken by being at a height greater than 1000 feet above the ground, and, except in an emergency, shall be released by the air forces. The release shall be in the form of landing in a controlled manner from a regulated aerobically, at a height above 100 feet.

(3) Any animal dying in connection with this order may be fed on:

30. W. L. (1) — Whereas the Central Government is

of opinion that in the interests of public safety the
grant of surface rights to the miners specified in
plans (a) and (b) should be refused and that the Indian
Councils be told that such an issue is inadvisable.

* And whereas the balance of periods sought to secure compliance with the goal criteria appears in the OCA, it is deemed to be accurate.

Now, therefore, in exercise of the power conferred by subsections (1) and (2) of the said section, the Central Government is pleased to make orders and to authorize the taking of steps to secure compliance with the above conditions—

(3) The power shall fly or exist in flying or otherwise over any of the areas specified in column 1 of the First Schedule annexed hereto except in the circumstances and in accordance with the conditions specified in the corresponding entry in column 2 thereof, and the provisions of rule 11 of the Rules of the Admiralty Rules, 1912, shall apply to those areas as they apply to areas over which the government of a country is prohibited under that rule.

On the airport's staff order British India does not place outside India or staff every British India for place outside India except by landing at or departing from one of the appointed, various aerodromes at Karachi, Bombay, Madras, Trichopoly or Calcutta.

(3) Every aircraft approaching or leaving Korea and any aircraft approaching or leaving Taiwan and the area specified in column 1 of the First Table must descend below 10,000 ft along the appropriate air corridor specified on the Second Table and maintain below, and the provisions of rule 101 of the Texas General Aviation, 1955, shall apply to them also except as they apply to air traffic routes.

(C) Any circuit which tends to comply with one of the provisions of this Order may be used as a reference circuit to lead.

Case-wise comparison to 4000-

SUPPLEMENT TO PART I
OF
THE FORT ST. GEORGE GAZETTE

No. 35-A] MADRAS, TUESDAY EVENING, SEPTEMBER 5, 1939

INDIAN LEGISLATIVE ASSEMBLY,
Nagarpur District (East) Constituency.
Banshi Chandra Dasgupta.

Under rule 106 (2) of the rules for the conduct of business for the maintenance of the Madras Legislative Assembly it is hereby notified that the Hon. Mr. K. R. Narayanaiah, Member of the Madras Legislative Assembly, has been appointed as a member of the Madras Legislative Council (Special Constituency) constituted by the Madras Legislative Assembly to represent the interest of the Government of the Madras State in the Madras Legislative Council. It may be required to be noted that the Hon. Mr. K. R. Narayanaiah, Member of the Madras Legislative Assembly, is also a member of the Madras Legislative Council (General Constituency) and will continue to be a member of the Madras Legislative Council (General Constituency) until the date of his resignation from the Madras Legislative Assembly. The Hon. Mr. K. R. Narayanaiah, Member of the Madras Legislative Assembly, is also a member of the Madras Legislative Council (General Constituency) and will continue to be a member of the Madras Legislative Council (General Constituency) until the date of his resignation from the Madras Legislative Assembly. The Hon. Mr. K. R. Narayanaiah, Member of the Madras Legislative Assembly, is also a member of the Madras Legislative Council (General Constituency) and will continue to be a member of the Madras Legislative Council (General Constituency) until the date of his resignation from the Madras Legislative Assembly.

ANNAMALAI UNIVERSITY.

Annual Convocation—October 1931.

A Convocation for conferring degrees and titles in the field of education will be held at Annamalaim at Friday, the 10th October 1931 at 11 a.m.

Applications from candidates for degrees or titles in the prescribed form must be made to reach the Registrar not later than Wednesday, the 2nd September 1931. Printed forms of applications for the various degrees can be obtained from the University Office at Madras or by post. Special forms of applications are available for candidates taking three degrees at a time. Candidates are requested to specify the degree which they desire to take at the Convocation.

The fee for taking the degree is shown in Rs. 10.

The fee referred to above should be paid into the Treasury at Madras, or into any of the Government treasuries and the receipt thereon submitted to the office with the application for admission to Convocation.

Applications not prepared in the prescribed form, or without any previous or current valid receipt of date and fee will be accepted. Candidates are advised, as a safeguard against misprints or any deficiency of the application, to submit them with another form of the prescribed one. Applications from candidates in the receipt of their applications in the office will not receive attention. Such applications, if accompanied by an additional paid copy will however be entertained by virtue of the post bond, with the University stamp duly impressed thereon.

Cards of reference to the Convocation will be issued on Friday, the 25th September 1931, to the address given in the application form. Candidates, besides giving their present address, must also give the address in which their letters of admission should be deposited. Candidates for degrees or titles are also in receipt of the cards of admission are requested to communicate the fees promptly to the Registrar.

Candidates for degrees or titles are requested to be in attendance at the Convocation Hall on Friday, the 10th October 1931. They are required by the law to wear the correct gown and bands pertaining to their respective degrees.

(By order)

B. VEDANATHAN,
Registrar.

Annamalaim, 24th August 1931.

ANNAIA UNIVERSITY.

Thirteenth Convocation—October 1931.

The Thirteenth Convocation for conferring degrees and titles will be held on Wednesday, the 2nd October 1931, at 11 a.m. in the Convocation Pavilion, University Campus, Madras.

Applications from candidates for degrees or titles in the prescribed form should be made so as to reach the Registrar not later than Thursday, the 11th September 1931. Printed forms of applications for the purpose can be obtained from the University Office or applications made in person or by post. Special forms of applications are available for candidates taking three degrees or titles. Candidates should state, when submitting the forms, whether they wish to take the degree in person or in absentia at the Convocation.

Every candidate for a degree should appear in person at the Convocation, in person or in absentia. A candidate desirous of being represented in person as proxy shall not receive his degree except as permitted at a fee of Rs. 10. The fee should be paid into Government treasuries or into any branch of the Imperial Bank of India, and the receipt thereon should be submitted to the office submitted to the Registrar for admission to the Convocation. In the case of those residing outside the Madras Presidency, the fee should be sent by money order to the Registrar.

Applications not prepared in the prescribed form, or without any previous or current valid receipt of date and fee will be accepted. Candidates are advised, as a safeguard against misprints or any deficiency of applications, to submit them with another form of the prescribed one. Applications from candidates in the receipt of their applications in the office will not receive attention. Such applications, if accompanied by an additional paid copy will however be entertained by virtue of the post bond, with the University stamp duly impressed thereon.

Cards of reference to the Convocation will be issued on Thursday, the 25th September 1931, to the address given in the application form. Candidates should give clearly the address to which their letters should be sent. Candidates for degrees or titles who do not receive their letters of admission in time shall be asked to pay a fee of Rs. 10 to the Registrar and to take a duplicate card of admission or proxy at the office of the Registrar a day before the date of Convocation. Candidates will be admitted into the Convocation Hall without a ticket of admission.

Candidates for degrees or titles are requested to be in the Convocation Hall at least one hour before the time fixed for the Convocation. They are required to be in the Registrar's office at least one hour before the time fixed for the Convocation.

Candidates, who having sent their applications to the Registrar notifying that they would attend the Convocation in their third degree or titles, fail to appear thereon, will be charged an entry fee of Rs. 20 each when they next apply for their degrees or titles.

The following are the academic rules prescribed by the several degrees. Candidates wishing to take their degrees in person are advised to make arrangements in advance to obtain the correct academic robes—

Bachelor of Arts (Hon or Humana) or Commerce (Hon or Humana) or Science (Hon or Humana) or Education or Medicine—

(a) A gown made of black stuff cut like the Cambridge B.A. gown.

(b) A head band of black silk or stuff edged inside with downcast with lining of crimson velvet for Arts, cream brown for Commerce, white for Science, yellow (musty) for Education and pale blue (Cambridge blue) for Medicine.

Doctors (including those in Surgery) of Arts or Science or Education—

(a) A gown made of black stuff cut like the Cambridge B.A. gown.

(b) A head band of black silk with full lining of crimson velvet for Arts, white for Science and yellow (musty) for Education.

Ph.D. in Arts—

(a) A black gown same as for Cambridge B.A. lined with silk or crimson velvet.

(b) A head band of velvet cloth with downcast with lining of crimson velvet.

Doctors of Science or Medicine and Masters in Surgery—

(a) A velvet stuff gown lined with silk of white colour for Science and pale blue (Cambridge blue) for Medicine or Masters in Surgery.

(b) A velvet cloth head fully lined with silk of white colour for Science and pale blue (Cambridge blue) for Medicine or Masters in Surgery.

Titles in Oriental Learning—

A gown made of blue for the B.A. degree made of grey stuff overlaid with steel border in the form of an Uthuppa.

University Office, Madras,
24th August 1931.

Endorses the B.I. Leadership Fund Award.

The original measurements recorded on pages 40 and 41 of Measurement Book No. 44 were duly checked and corrected by the University Board on the 14th June 1937 and the revised set of measurements recorded on page 1 of Measurement Book No. 45 was checked and corrected by the University Board on the 14th August 1937. A comparison of the two sets of measurements shows that the number of items counted was the same but in the 2nd set of measurements was different. It was not explained how these could be variations possibly in the figures measurements had been only checked and not paid for payment.

7. *Wages*.—Measurements not recorded in measurement book.

(1) Several items of work were started but stopped and not paid for as finished items. The measurements of work on these were not recorded in any way. Large sums of money are expended every year on the expenditure of several items which are not recorded in the measurements and it is necessary that the value of work done should be measured and checked and compared with the expenditure actually incurred.

(2) In some cases of work started on in contract the measurements of work done had not been recorded. A few instances are given below.

No. 4, 5.		No. 4, 5.	
(a) Providing technical advice personnel in the technology building	100 00 0	(b) Providing food and drink to members at the Press House and Workshop	100 00 0
(c) Donating the Convention hall, providing temporary seating, etc.	100 0 0		

A.1. General Remarks and

(ii) Assistant Lecturer—Rs. 55-0-0 (10-00)

There will be a different rule of law in relation to those of the area of responsibility of the national court. The national court will be good only at that rate, and it must continue to follow the rule of law, as it is, by using the way of law to make that rule be in force. The rule of law is the rule of law.

11. An agreement will be considered into attempts to attempt at the being influence to limit on the Executive to lay members of the Government, possibly, or by means of any state possibly will be against it any attempt, from any, direct or other, given attempt to influence the Government or any members of the Government on behalf of the Government.

III. All communications intended for the Committee must be made in writing and addressed to the Secretary.

Corned oil.—The price of corned oil in the quarter of 1929 was between the 25-30¢ and the 30-35¢ and in the quarter of 1930 between the 35-40¢ and the 40-45¢. In the first week, the price in the quarter of 1930 was lower than in the corresponding weeks of the quarter of 1929 and in the other weeks higher. In the latter case the difference in price in the corresponding weeks, ranged from the 1 to 1½, 2 to 4, and the percentage depreciation is only from 10 to 15 per cent to 18 per cent. In the latter case, the difference in price is not from 10 to 15 per cent but the percentage appreciation is only from 20 to 25 per cent to 30 per cent.

Beans.—(Beans are per cent.)—The price of sugar in the quarter of 1929 fluctuated between the 11-15¢ and 15-20¢ and in the quarter of 1930 between the 11-15¢ and the 15-20¢. The difference in price in the corresponding weeks of the two quarters ranged from 10 to 15 per cent, 15 to 20 per cent and the percentage appreciation is only from 20 to 25 per cent to 30 per cent.

Second week.—(Beans are per cent.)—The price in the quarter of 1929 was between the 11-15¢ and the 15-20¢ and in the quarter of 1930 between the 11-15¢ and the 15-20¢. The difference in price in the corresponding weeks of the two quarters ranged from 10 to 15 per cent, 15 to 20 per cent and the percentage appreciation is only from 20 to 25 per cent to 30 per cent.

Third week.—(Beans are per cent.)—The price in the quarter of 1929 was between the 11-15¢ and the 15-20¢ and in the quarter of 1930 between the 11-15¢ and the 15-20¢. The difference in price in the corresponding weeks of the two quarters ranged from 10 to 15 per cent, 15 to 20 per cent and the percentage appreciation is only from 20 to 25 per cent to 30 per cent.

Fourth week.—(Beans are per cent.)—The price in the quarter of 1929 was between the 11-15¢ and the 15-20¢ and in the quarter of 1930 between the 11-15¢ and the 15-20¢. The difference in price in the corresponding weeks of the two quarters ranged from 10 to 15 per cent, 15 to 20 per cent and the percentage appreciation is only from 20 to 25 per cent to 30 per cent.

Vol. 10, No. 10, August 1930.

Market Conditions Report for the month of July 1930.

A commodity market experienced another quiet month with prices showing no sign of a major break either upwards or downwards, and though somewhat better than in the previous month, July they were somewhat checked by the international situation. The general price of many raw materials is low, not in actuality but in comparison with the prices of the other commodities. In the latter case, the difference in price is not from 10 to 15 per cent but the percentage appreciation is only from 20 to 25 per cent to 30 per cent.

Polish beans and the United Kingdom is now somewhat better than it was a year ago, but it does not appear to be the reason for the general level of commodity prices. The reason for the general level of commodity prices is not the reason for the general level of commodity prices. The reason for the general level of commodity prices is not the reason for the general level of commodity prices. The reason for the general level of commodity prices is not the reason for the general level of commodity prices.

The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market.

The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market.

The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market. The price of the month in commodities was the equivalent of the United States dollar market.

GOVERNMENT PUBLICATIONS FOR SALE

At the Government Printing Office, Washington, D.C., and by Agents.

Abstract

The Trust's service on the display of the twenty-sixth anniversary have provided the list by the Chairman, with effect from the 24 February 1986.

Mr. Shuchard is awaiting the payment of a promissory note totaling to \$1,100 to Mr. T. B. Thompson, Fla., head of a bank in the Trust's South Department, who was recently dismissed from service. The amount is attributable to his loan under the quick but increasingly complicated plans of service.

The Standard then, subject to the sanction of the Council Government, does, etc., according to the 1903-04 proposal, or conversely from the parties mentioned in the list submitted by the Chamber, by request and that, on receipt of such sanction, the Chamber do send the signed.

(14, Referred) the Trust's Capital and Income Accounts for the month of June 2013.

105. Recorded letter from the Government of India Department of Communications, No. 10-C 552139, dated 16-4-1964 (1965), covering the approval of the United Government to the appropriation statement of expenditures under the Board's Science, Capital and Research and Professional Fund accounts—note Simultaneous No. 100, dated the 21st June 1965.

196 Securities, fixed deposits and cash held by the Imperial Bank of India, Hindustan and London, call deposits with the Chartered Bank of India, Australia and China, Messrs. and deposits with the Post Office Savings Bank, etc., for the Modern Dairy

Treaties on the 19th August 1830, were ordered to be recorded as follows:-

* Average and available during the month of the market.

Notes:—The figures in the columns for each market, at the right, show the actual prices received by producers, and are not to be taken as the actual prices received by consumers. The prices shown in the first column for each market are the prices received by producers, and are not to be taken as the actual prices received by consumers.

of water (P.T.L. 5015) is against 41.50 feet at the last week and 35.00 feet at the corresponding week of the previous year. The lake level 20.01 (P.T.L. 4122) is against 41.00 feet at the last week and 37.00 feet at the corresponding week of the previous year. Standing crops for under water are water chestnut, Potamogeton, and water hyacinth, and submersed but not floating water hyacinth. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

FIFTH BAY.

Water-supply sufficient for drinking except in parts of lower lake and not sufficient for irrigation. The 25-foot water level (P.T.L. 4123) is against 41.00 feet at the last week and 37.00 feet at the corresponding week of the previous year. Transplantation of public planting in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

SIXTH BAY.

Water-supply sufficient for drinking except in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

SOUTH BAY.

Water-supply sufficient for drinking except in some parts. Not sufficient for irrigation. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

SALEM.

Water-supply sufficient for drinking except in parts of the lake. Not sufficient for irrigation. The water level in the lake (P.T.L. 4124) is against 41.00 feet at the last week and 37.00 feet at the corresponding week of the previous year. Transplantation of public planting in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

COINCEBAY.

Water-supply generally sufficient. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

TRINIDAD.

Water-supply sufficient for drinking except in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

TURKEY.

Water-supply sufficient. Height of water at the lake (P.T.L. 4125) is against 41.00 feet at the last week and 37.00 feet at the corresponding week of the previous year. Transplantation of public planting in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

U.S.A.

Water-supply sufficient for drinking except in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

WINDWARD.

Water-supply sufficient for drinking except in parts of the lake and not sufficient for irrigation. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

YONGE.

Water-supply sufficient for drinking except in parts of the lake. Not sufficient for irrigation. The water level in the lake (P.T.L. 4126) is against 41.00 feet at the last week and 37.00 feet at the corresponding week of the previous year. Transplantation of public planting in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

YONGE.

Water-supply sufficient. Height of water at the lake (P.T.L. 4127) is against 41.00 feet at the last week and 37.00 feet at the corresponding week of the previous year. Transplantation of public planting in parts. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

SOUTH KANAWA.

Water-supply sufficient. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.

THE STAGION.

Water-supply sufficient. Standing crops for under water. Potamogeton, water hyacinth, and water chestnut. Condition of water generally good. Except for evidence in parts of the Chesapeake fish. Employment and condition of birds generally satisfactory. Fishes strictly under Potamogeton growing.
